M. Ali Aslam

About Innovative Metal Supply and Services Company (IMS)

In 2021, a small metal trading shop named **Innovative Metal Supply (IMS)** opened its doors in the city of Lahore. Founded on the principles of quality, integrity, and customer satisfaction, IMS was established to provide top-notch metal products, reliable services, and cost-effective solutions. Through dedication and a customer-focused approach, the company quickly earned a strong reputation and expanded beyond the retail Point-of-Sale (POS) market. In 2022, the company was rebranded as **Innovative Metal Supply & Services Company (IMS)**, reflecting its growing capabilities in industrial supply and engineering services. Today, IMS is a trusted importer and supplier of metal products, industrial piping materials, valves, flanges, fittings, and related engineering accessories. Our product portfolio includes Ball, Gate, Globe, Butterfly, Check, Needle, and Safety Valves, along with Weld Neck, Slip-On, Blind, Socket Weld, Threaded, and Lap Joint Flanges manufactured to ASTM, ASME, ANSI, API, DIN, and JIS standards. We also supply pipes, tubes, gaskets, fasteners, structural steel, and customized industrial solutions for the oil & gas, petrochemical, power, construction, water treatment, and manufacturing industries. Backed by an experienced technical team and a commitment to continuous improvement, IMS remains dedicated to delivering superior quality, competitive pricing, timely deliveries, and dependable engineering solutions that build lasting customer relationships.

Innovative Metal Supply and Services Company

Our Mission

Our mission is to establish a company built on strong values that believes in providing globally recognized valve solutions and quality services on a value-for-money basis to our esteemed customers. Our Company will provide a reliable platform to purchase high-performance industrial valves, automation solutions, and metal flow control products, aiming to serve the growing national and international markets. The goal of IMS is to deliver the best customer service, customer experience, and engineering support. IMS aims to inspire the industry by demonstrating that it is possible to provide durable, efficient, and high-quality valve products while building long-term and sustainable relationships with customers and employees. Our dedicated approach ensures exceptional product quality, reliable performance, continuous innovation, growth opportunities, and mutually beneficial partnerships across various industries.

Our Vision

Our vision is to establish a leading position in the valve and industrial flow control industry by providing high-quality products and services that exceed our customers' expectations. Sustained excellence, proactive technical support, and unconditional integrity, especially during challenging situations, define our commitment. We are genuinely customer-focused and continuously improving our valve solutions, product quality, and service standards. We are determined to achieve success by embracing challenges and delivering reliable solutions. Our philosophy is based on providing durable, efficient, and cost-effective valves, automation products, and metal solutions with timely support. We at Innovative Metal Supply and Service Company will continue to give our very best every day, ensuring our customers receive the right products, with dependable performance, exactly when they need them.

Services

Innovative Metal Supply and Services Company (IMS) specializes in the supply and distribution of high-quality industrial valves and metal flow control solutions. We provide a wide range of valves including ball valves, butterfly valves, gate valves, globe valves, check valves, control valves, and high-pressure valves suitable for various industrial applications. Our products are designed to meet the requirements of oil & gas, chemical, water treatment, power generation, manufacturing, and other industries.

At IMS, we offer reliable valve solutions made from premium materials such as stainless steel, carbon steel, cast iron, alloy steel, brass, and other specialized metals. Our product range includes manual and automated valves, valve fittings, actuators, and customized flow control solutions. With a strong commitment to quality, durability, and performance, IMS ensures that every valve meets industry standards and customer expectations.

IMS is a trusted supplier of industrial valves and metal products, providing dependable solutions to customers throughout the country. Our products support a wide range of domestic and industrial applications, delivering efficient flow control, long service life, and reliable operation in demanding environments.
